

I wanted to express my concern for the privatization of Iowa's Medicaid program. I ask you to please slow down the process that is being pushed forward by Governor Branstad. This is a hasty plan that has been thrown together that does not have the support of the citizens of the state of Iowa. Please send a message to our governor and tell him to slow down and make sure this plan is workable and effective for the people Medicaid is designed to serve.

Thank you for your time.
